School Overview

Morayfield East State School is an Education Queensland school which opened in 1991. Current enrolments are around 930 Prep to Year 6 students and our vision is to be:

'A school of choice committed to high standards of learning and celebrations of success'

Students are our focus and it's our exciting and dynamic curriculum that enables us to prepare these students for the challenges of the 21st Century. Our staff and community are driven by a commitment to continuous improvement and the challenge to search out the best educational practices for our students. Our school recognises the significant learning that occurs at home and strives to create an open and productive partnership between home and school.

Our school is a professional learning community in which individual, team, year-level and whole-school learning about how to improve student learning is vital and interrelated. Our professional learning community is built on collaborative culture, collective enquiry and commitment to student learning. Our students and families are very proud to be part of our school where we pride ourselves on being a place where students strive to be the best that they can be.

As a learning organisation we plan our learning experiences using the Australian Curriculum and continue to remain focused on the teaching of literacy and numeracy so that all students can reach their full potential. Improvement of student learning involves focused reflection and review regarding data, sharing practice, feedback and taking action.

Student learning is built upon a foundation of strong values of learning, respect, safety and responsibility. All staff ensure they engage in ongoing Professional Development to ensure the best possible curriculum delivery for our students, based on Marzano's "The Art and Science of Teaching" and Age Appropriate Pedagogies. (*The Morayfield East Way- Pedagogical Approach*)

High expectations for teacher growth and enhancement of pedagogical skills and capability drive reflection and review.

Principal's Foreword

Introduction

Morayfield East State School is an exciting educational community that values diversity in our student population and recognises the need to ensure success for all students. The school is well known for its high expectations of student learning, supportive school culture; its engaging educational programs and wide range of student achievements. Our main goal is to be a school of choice committed to high standards of learning and celebrations of success where all families are welcomed and all students are succeeding. It is a place where children, parents and staff are happy and proud to be; where they feel supported and respected for the individual contributions they make; where everyone is treated with dignity and respect, for both who they are today and what they strive to do in the future.

At Morayfield East State School we value and demonstrate:

- A supportive and welcoming culture
- Positive relationships between staff, parents and students
- Genuine care and concerns for all students
- Quality programs delivered by quality teachers
- A wide range of support programs
- A wide range of extra curricula activities
- High expectations for school standards and values

At Morayfield East the following principles underpinned our focus for 2017:

- Our school is a professional learning community in which individual, team, year-level and whole-school learn about how to improve student learning which is vital and interrelated
- Our professional learning community is built on collaborative culture, collective enquiry and commitment to continuous improvement of student learning
- Improvement of student learning involves data informed practice, sharing practice, feedback and taking action
- High expectations for teacher growth and enhancement of pedagogical skills and capability drive the way we utilise our professional development direction
- Leaders across the school have a strong role in modelling and leading reflection and renewal

During 2017 the school continued to embed the Strategic Plan for 2014 – 2017. Throughout the year final strategies were completed to move from one Strategic Phase to the next.

Key activities during 2017 included:

- Focus on Early Intervention through implementation of the Investing For Success
- A School Review culminating in our Morayfield East State School Strategic Plan 2018 – 2021
- Continued effective communication and partnership with school community and P&C
- Continuing development of coherent, sequenced plans for curriculum delivery ensuring consistent teaching and learning expectations in terms of the intended curriculum in English, Maths, Science, HASS
- Incorporating the Australian Curriculum into local planning documents
- Implementing the Australian Curriculum through the participation in regular, scheduled and facilitated collaborative year level planning; teaching; moderation and reporting developing and implementing Extension and Enrichment Programs for students to help build a more consistent, whole school approach
- Further developing teacher feedback processes with a focus on strategies in relation to ASoT and Age Appropriate Pedagogies
- Focussing on Closing the Gap for indigenous students in reading
- Continued Implementation of School Wide Positive Behaviour Support
- Regularly Showcase of student learning and achievements
- Implementation of whole school Intervention Plan
- Implementation of school – wide Inclusive Practices utilising the Disability Standards for Education and More Support for Students with Disabilities policies to further develop inclusive practices

School Progress towards its goals in 2017

Future Outlook

In the future, the school will continue to strive for excellence in a supportive school environment through a focus on Respect, Learning, Safety and Responsibility. Together we created a broad framework to help shape a clear and consistent improvement agenda across all areas of the school.

A continued commitment to Instructional Leadership will ensure that key leaders have a curriculum orientation and will inspire active coaching of teaching staff. Working regularly in classrooms, planning quality training opportunities and defining consistent school wide practices will provide a foundation for continued success. The adoption of the next 4 Year Strategic Plan 2018-2021, will include clear explicit targets and timelines, to ensure progress and achievement of all elements of the explicit improvement agenda which will be monitored, measured and celebrated.

Morayfield East State School has established *The Morayfield East Way*, adopting the Art and Science of Teaching (ASoT) as its pedagogical framework with an Age Appropriate Early Years focus. Extensive professional development opportunities will continue to be provided to build staff expertise so that the strategies are embedded in every classroom. Social and Emotional Wellbeing will be further structured through Positive Behaviour for Learning and the Health and Wellbeing Leadership Team.

2017 will see a continued commitment to:

- Embedding the Implementation of the Whole School Teaching and Learning Improvement Framework

Literacy Priority

- Continue to embed a balanced reading program through a shared understanding and pedagogical practice
- Continue to embed a balanced reading program
 - Align reading framework to Pearson's Gradual Release of Responsibility
 - Embed Sheena Cameron Reading and Comprehension Strategies
 - Embed a shared understanding and pedagogical practice of the 6 reading procedures
 - Utilised Literacy Coach to support the implementation and professional development of a balanced reading program schoolwide
 - Extension to classroom differentiation by developing targeted intervention student grouping monitored and tracked through STLN's and support teacher aides
 - Through the Morayfield East Learning Team (MELT) intervention programs were developed to support students achievement in reading, monitored and celebrated growth in student progress
 - Continue to monitor and engage in regular data conversations around student learning through English Placemats informing the teaching and learning cycle

Numeracy Priority

- Continue to embed Numeracy Rich Routines and Maths Mental Warm – Ups that address key aspects of number as identified through NAPLAN and internal data sources
- Develop, model and embed problem solving routines as per NC program
- Develop best practice pedagogy and greater teacher knowledge in the teaching of Mathematics
- Ensure a range and balance of assessment tools are being used (Diagnostic, formative and summative) to support quality teaching and reporting
- Utilise Numeracy Placemats to monitor student progress and inform teacher practice

- Build teacher capacity to recognise and remediate key misconceptions through the Numeracy Rich Routines that align to Australian Curriculum, Number lines, Part/Whole relationships, Reasoning and Estimation
- Practice and deepen number facts

Master Teacher

- Continue the action plan for Master Teacher to work alongside teachers to improve teaching practices that enhance teacher confidence and capability in teacher maths leading to improved student learning outcomes
- Continue to implement RoleM mathematics program for the Early Years through to Year 3
- Established Mathematics Resource Tool Box throughout Whole School to support pedagogy in numeracy

Moderation

- Develop opportunity for enhanced model of school moderation processes ensuring sound assessment practice and monitoring of student learning

ASOT and Age Appropriate Pedagogies

- Continue to develop and embed an overarching Curriculum Framework based on ASOT and Age Appropriate Pedagogies
- Investigate and implement locally selected pedagogies

Data Analysis

- Refined and enhanced analysis of School Wide and Individual Student Data through the implementation of regular data review cycles to inform improvement, guide teaching and prompt early intervention and development of teacher expertise in data analysis to inform effective teaching and learning.
- Further implementation of strategies to cater for students' academic, social and emotional needs
- Upper 3 Bands Priority ensuring that a variety of processes are in place for the identification of possible U3B students (process to begin in Prep) and implementation of strategies and programs to cater for the ability levels and optimal learning for these students (differentiated teaching, Online Upper 2 Band Project, ICAS testing)
- Embed differentiation strategies across all year levels using diagnostic assessment processes and ACARA recommendations

NAPLAN Strategy through the completion of a thorough interrogation of NAPLAN data - 2016/ 2017 in preparation for 2018 NAPLAN and development of a NAPLAN Action Strategy with a focus on improving Reading, Numeracy and U2B

ACARA Priorities

- Embed English, Mathematics, Science and HASS
- Implement the curriculum area "Health and Physical Education, Technologies, Languages & the Arts through NCT provision
- Continue to align and embed Australian Curriculum in all settings

Characteristics of the Student Body

Overview

Morayfield East State School was established in 1991. The school is situated on the corner of Glenwood Drive and Graham Road Morayfield. In 2017 the school average enrolment was 928 students. This included 88 Aboriginal and Torres Strait Islander students. For 32 students English is an additional language or dialect. Student attendance was 91.6%. The four year trend shows consistency in student attendance rates at school.

Morayfield State High School has been chosen in the past for the majority of our students' secondary education. A small number of students have chosen to attend either Narangba Valley State High School or Caboolture State High School. At Morayfield East State School Japanese is offered as the Language other than English (LOTE) and is continued as an option at Morayfield State High School.

Curriculum Delivery

Our Approach to Curriculum Delivery

At Morayfield East State School, we set high expectations for our students to grow and achieve as learners by providing quality education that prepares students to make well informed choices for their future.

Morayfield East's curriculum planning process is managed by a Head of Curriculum and guided by the systemic requirements of the Department of Education and Training *P – 12 Curriculum, Assessment and Reporting Framework*. Our curriculum has also been shaped in a number of ways through the Curriculum Reference Team and Instructional Leadership Team – a group of teachers and school leaders, who meet regularly to focus on an ongoing curriculum agenda.

Teaching and learning at Morayfield East State School in 2017 incorporated:

- The Australian Curriculum which provides students with an opportunity to achieve standards consistent with all students in Australia
- English, Mathematics, Science and HASS delivered as discrete learning areas that follow the Australian Curriculum
- Other key Learning Areas based on the existing Queensland curriculum, which develops essential learning and ways of working. These Learning Areas include The Arts, Technology, Health and Physical Education and Language other than English (LOTE) - Japanese.
- Specialist lessons taught by specialist staff in Music, Languages (Japanese), STEM and Physical Education
- The introduction of Age Appropriate Pedagogy into all Prep classrooms to support children to be actively engaged, creative and successful learners

To maintain alignment of curriculum, pedagogy, assessment and reporting, teachers meet regularly in year level teams (including support staff) to collaboratively create curriculum plans. During these sessions the child's academic progress is kept foremost in our minds and informs the teaching and learning process.

In addition Morayfield East offer opportunities for students to excel and enrich their learning by providing parallel programs that align with classroom learning. Students are invited to participate in a school based enriched Writing program directly linking with the Australian Curriculum. Extension opportunities were also included for the U3B students in Years 2 to 5 through the IMPACT programs of Reading, Writing and Mathematics. These programs are facilitated through Distance Education online Teachers.

Co-curricular Activities

Morayfield East State School encourages children to participate in a wide variety of extracurricular programs in addition to the regular curriculum. A variety of opportunity exists to extend students, academically, in the arts, in sport and in service to the community. We encourage participation in these programs to enhance the learning engagement of students across all year levels and by extending their experiences.

During 2017 students had many opportunities to be involved in these activities:

How Information and Communication Technologies are used to Assist Learning

At Morayfield East, a range of technologies have been integrated and utilized throughout the classrooms. Interactive Whiteboards, Mobile Laptop Labs, iPads and iPods are available for use in classrooms. Continued deployment and expansions of resources continued in 2017.

Teachers are encouraged to integrate Information and Communication Technologies (ICT) into all aspects of the student's learning. Each classroom has the capacity to provide ICT integration in learning activities. The XO Laptop computer program continued in 2017. These low cost computing devices were used in various classrooms across the school site.

Students are engaged in a range of activities that include developing competencies in Microsoft packages and a range of student educational software that supports Literacy and Numeracy improvement. As part of our curriculum unit planning, the ICTs are an integrated component and students undertake activities within the context of this classroom work.

Morayfield East has embraced the Smart School's Agenda to develop a "learning community", whereby teachers undertake opportunities to develop meaningful and engaging learning experiences. Access to professional development by teachers has provided a catalyst for further development in this area.

Morayfield East played host again to the regional LEGO Robotics competition in August 2017. Approximately twenty teams participated in the full day program support by QUT and other sponsors. This was an extremely successful culminating event.

An IT technician continues to be employed five days per fortnight to maintain the network and support staff and students of the school.

Social Climate

Overview

Morayfield East State School is dedicated to facilitating a culture of inclusivity and positive wellbeing based on success for every learner. Our extensive Student Support Services Team offer a range of focussed and intensive supports to ensure that student needs are met across learning areas and within the school community in the social context. Teachers and staff work collaboratively with a focus on quality curriculum and socially appropriate mechanisms with the Positive Behaviour for Learning (PBL) program implemented within the classroom context. This is embedded into everyday routines and procedures as well as a focus of the week covering an array of socially just practices to support a disciplined and safe environment. A variety of extra-curricular activities are offered during lunchtimes to promote an active and inclusive community covering physical, social and intellectual interests.

The Student Support Services (SSS) program compliments classroom learning using a diverse range of interventions delivered by highly trained and experienced staff to support students with varying needs. In addition, Chaplaincy is highly regarded for the benefits to students both in class and in social environments with a number of weekly groups organised with the support of external agencies, school staff and school council leaders. The Chaplain works to support families and staff as identified through weekly SSS meetings and via administrative processes.

Parent and community engagement

At Morayfield East State School, we believe that families are an integral part of students' learning and we aim to ensure that parent contact is utilised to have a holistic understanding of students' needs and the impacts of those within the school context. In 2017, the school sought to engage with parents and the wider school community through the ongoing participation of the Parent and Community Engagement Team. Community input is highly regarded and with consultation, a community events calendar was established. Such opportunities were made possible through wide advertising via the school Facebook page, fortnightly school newsletters, community and school advertising (newspapers, LED board, posters around school) to maintain sharing of information. This was represented in the school community via:

- Twice yearly student, parent, teacher interviews with opportunities for communication actively sought in addition.
- Weekly assemblies to celebrate student success and inform the students and wider school community of events and key information.
- A Parents and Citizens Association where frequent collaborative and consultative participation with key school personnel occurred to endorse school improvement plans, policies, procedures and resources in addition to a fundraising calendar to support future agendas for the school community.
- Regular opportunities for students to showcase their learning and achievement in both academic and sporting arenas both within our school and the wider community.
- Whole school extra-curricular activities to celebrate success (Under 8's Day, Sports Day, Cross Country, etc.).
- An Arts Showcase (fine arts and music) was held in October supported by school personnel and student presentation.
- Actively seeking volunteers for school events, Local Chaplaincy Committee (LCC), excursions, incursions, daily functions and classroom activities.
- Parent Café established to inform parents with a weekly focus and opportunities for families to connect with others and support services within the school community.
- Early Years Partnership established to connect feeder centres and community agencies to support prep transition.
- Whole school end of year celebration run by LCC - Carols by Torchlight, to bring the community together.

Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships.

Through the school's Responsible Behaviour Plan for Students (RBPS), weekly lessons are taught across the school to address proactive and reactive behavior and wellbeing concerns. The Positive Behaviour for Learning curriculum also includes specific lessons to address appropriate behavior and identifying and responding to abuse and violence. Students are provided with skills to be able to resolve conflict without violence and to recognise, react and report when they, or others, are unsafe.

Annually the school participates in the 'National Day of Action against Bullying and Violence' and the 'Day for Daniel' with this curriculum included in Positive Behaviour for Learning (PBL) lessons. The Guidance Officer, School Chaplain and other staff also support student's skills in developing and maintaining respectful relationships through programs such as Rhythm to Recovery and Friends for Life.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	137	141	91
Long Suspensions – 11 to 20 days	5	0	4
Exclusions	1	0	0
Cancellations of Enrolment	0	0	0

Environmental Footprint

Reducing the school's environmental footprint

The school continues to work closely with Moreton Bay Regional Council to monitor and reduce the amount of rubbish produced on the site. To reduce significant paper use, the school continues to use an electronic version of the newsletter. An office and classroom recycling program introduced in 2011, continues in 2017 and is maintained by members of the student council. Water usage has been dramatically reduced due to replacement of bubblers/taps to self-closing units.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	211,748	9,837
2015-2016	203,807	2,550
2016-2017	210,673	1,995

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.
